

Chubb Small Commercial Insurance

Superior underwriting expertise and product breadth, combined with the renowned claims and account service that you expect from Chubb.

CHUBB®

Chubb Small Commercial Insurance offers solutions for small businesses based in the U.S. with revenues up to \$10M. Through its network of independent agents and brokers, Chubb provides a broad range of small commercial management and professional liability and standard insurance coverages.

Our team has deep small commercial segment expertise and is represented in each branch office across Chubb's seven regions in the United States. Please explore our product offerings in the following sections.

The Chubb BOP

By incorporating broad protection for both property and liability perils, the Chubb business owner's policy (BOP) will serve as the foundation for your small business client's insurance program. The Chubb BOP will offer protection for a wide range of small businesses in the following segments:

- Clubs & Associations
- Cultural institutions
- Financial services firms

- Healthcare organizations
- Real estate firms
- Retail stores
- Service businesses
- Technology
- Wholesale businesses

Key features of the Chubb BOP include:

Outstanding coverage - We crafted the Chubb BOP with a unique automatic blanket limit of insurance concept to provide superior coverage for small business owners, with premiums starting as low as \$485. More than 50 coverages make up the Chubb BOP and another 80 broadened coverages and limits are available via our customized property and liability coverage enhancements.

Total account solution - Combine the Chubb BOP with umbrella, workers comp, auto, and the ForeFront Portfolio suite of financial lines coverages to provide your client the strongest insurance solution.

Easy - With Fast Track, Chubb's intuitive, industry leading online platform, you can obtain a BOP quote with umbrella and policy issuance in less than 5 minutes.

Professional & Management Liability

ForeFront Portfolio 3.0 & ForeFront Portfolio for Not-for-Profit Organizations

A flexible, comprehensive product suite that features integrated coverage parts that can be tailored for specific market segments. Each policy consists of the following optional coverage parts:

- Directors and Officers (D&O) Liability
- Employment Practices Liability (EPL)
- Fiduciary Liability
- Crime
- Kidnap, Ransom, and Extortion

Additional coverages are available to Private Companies:

- Miscellaneous Professional Liability
- Cyber Liability
- Employed Lawyers Liability
- Workplace Violence Expense

Specialized products are available to address additional coverages and segments, including healthcare organizations, law firms, media organizations, community associations, and professional liability (E&O) for various organizations.

DecisionPoint

DecisionPoint is Chubb's online quoting platform for ForeFront Portfolio 3.0 for Private Companies and ForeFront Portfolio for Not-for-Profit Organizations. With DecisionPoint, agents can obtain quotes for eligible risks in less than five minutes.

DigiTech®

Small technology companies operate in a high-risk business arena where potential service, product, and network risk exposures continuously evolve. DigiTech® offers comprehensive professional liability, media, and cyber coverages tailored to address the unique needs of small technology industry companies.

Coverage parts include:

- Technology and Internet Errors and Omissions
- Electronic Media Liability
- Network Liability
- Privacy Liability
- Data Breach Fund
- Cyber/Network Extortion

Advantage.NET

In today's global economy, many companies are traveling, doing work, or selling products internationally - including small businesses - but many have inadequate coverage in place to fully protect them. Advantage.NET is our fully automated, web-based rating system for International Advantage®, our comprehensive foreign package policy.

Advantage.NET allows agents to obtain a quote, bind, bill, and issue an international package policy in less time than it takes to complete a standard application. Advantage.NET highlights include:

- 20% standard commission
- Low premium starting point; base coverage starts at just \$1,250
- Real-time rating, quote generation, billing, policy generation, and travel ID cards

- Simplified quoting process – just answer nine questions and get a quote
- Product selection screen that allows the user to customize coverage and price point
- Ability to coordinate invoicing and receive final policy immediately after binding
- Streamlined referral process that saves time and effort
