

Fines and penalties for not following New York insurance regulations can break your heart.

Before Valentine's Day, make sure your agency has submitted the Certification of Compliance required under New York's **Cybersecurity Requirements for Financial Services Companies** regulation.

Every financial services company licensed in New York must file a Certification of Compliance each year by February 15th.

It takes just a few minutes to submit the form online at:

www.dfs.ny.gov/industry_guidance/cybersecurity

Visit www.biginy.org/cyber for more information and resources to help you comply.
